

I Just Wanted Your Love

Alexz Johnson

You got time
If time is what you needed
You're not mine
I rather not believe you're fine
Rather think you're up all night
You're alright
You knew me when you met me
Let's not fight
I'm just a little feisty
Maybe, maybe I would lose my mind I don't wanna
Let you go away
I don't wanna
Let you go Boy, I just wanted your love
I just need to feel your love
I just wanted your love I don't wanna
Let you go You got steam
The wheels are turning
It's just me
I'm crashing and I'm burning
Shouldn't we be making out?
You got guts
Guts is what I need now
I don't mind
Starting to believe it's over
Tell her "I loathe her" I don't wanna
Let you go away
I don't wanna
Let you go Boy, I just wanted your love
I just need to feel your love
I just wanted your love I don't wanna
Let you go Ha! Letting you go
Letting you go
Letting you go
Letting you go
Letting you go
Yea yea I don't wanna
Let you go away
I don't wanna
Let you go Boy, I just wanted your love

I just need to feel your love
I just wanted your love I don't wanna
Let you go Higher Ground
I've been crawling
To the mountains
Skinned my knees with blood and hope
If I stayed standing
I'd be drowning
The rising waters made me choke As I am getting nearer
My mission is coming clear I know this road
Never seen it before
I know what lies behind unopened doors
I saw the signs from the distant shore
That I couldn't ignore...I'm heading for higher ground I left everyone behind me
I took everything I know
Half way up and I'm still climbing
Still a million miles to go The water is drawing nearer
As everything disappears I know this road
Never seen it before
I know what lies behind unopened doors
I saw the signs from the distant shore
That I couldn't ignore...I'm heading for higher ground And my foot slips
But I don't quit
And my hand grips the rock
Something pulls deep
From within me
Til I get there, I won't stop I know this road
Never seen it before
I know what lies behind unopened doors
I saw the signs from the distant shore
That I couldn't ignore I know this road
Never seen it before
I know what lies behind unopened doors
I saw the signs from the distant shore
That I couldn't ignore I'm heading for higher, higher ground Way up here, the air is thin
Feels like I could go so far
