I Just Wanted Your Love

Alexz Johnson

You got time

If time is what you needed

You're not mine

I rather not believe you're fine

Rather think you're up all night

You're alright

You knew me when you met me

Let's not fight

I'm just a little feisty

Maybe, maybe I would lose my mindI don't wanna

Let you go away

I don't wanna

Let you goBoy, I just wanted your love

I just need to feel your love

I just wanted your loveI don't wanna

Let you goYou got steam

The wheels are turning

It's just me

I'm crashing and I'm burning

Shouldn't we be making out?

You got guts

Guts is what I need now

I don't mind

Starting to believe it's over

Tell her "I loathe her"I don't wanna

Let you go away

I don't wanna

Let you goBoy, I just wanted your love

I just need to feel your love

I just wanted your loveI don't wanna

Let you goHa!Letting you go

Letting you go

Letting you go

Letting you go

Letting you go

Yea yeaI don't wanna

Let you go away

I don't wanna

Let you goBoy, I just wanted your love

I just need to feel your love
I just wanted your loveI don't wanna
Let you goHigher Ground

I've been crawling

To the mountains

Skinned my knees with blood and hope

If I stayed standing

I'd be drowning

The rising waters made me chokeAs I am getting nearer

My mission is coming clearI know this road

Never seen it before

I know what lies behind unopened doors

I saw the signs from the distant shore

That I couldn't ignore...I'm heading for higher groundI left everyone behind me

I took everything I know

Half way up and I'm still climbing

Still a million miles to goThe water is drawing nearer

As everything disappearsI know this road

Never seen it before

I know what lies behind unopened doors

I saw the signs from the distant shore

That I couldn't ignore...I'm heading for higher groundAnd my foot slips

But I don't quit

And my hand grips the rock

Something pulls deep

From within me

Til I get there, I won't stopI know this road

Never seen it before

I know what lies behind unopened doors

I saw the signs from the distant shore

That I couldn't ignoreI know this road

Never seen it before

I know what lies behind unopened doors

I saw the signs from the distant shore

That I couldn't ignoreI'm heading for higher, higher groundWay up here, the air is thin Feels like I could go so far
