Sorry Again, Mate

Field Music

I was counting the days
and i was counting the reasons
I was satisfied
everything was fine
But you shoudl've never comeShorter shorter
no time to spare
the ironys there
but I can never be sure
Shorter shorter
it easy here
you can blame it all on her
but you can never be sureI was waiting in line
and i was waiting for something
that was years ago
i was pretending i knew
you should've never wentShorter shorter
no time to spare
We will soon disappear
but you can never be sure
Shorter shorter
so hard to tell
if its cut and dry
i can never be surePeople say its easy to tell
why do i find it so hard to
