Grail Overfloweth

Cocteau Twins

Grail overfloweth, there is rain
And music, and there is love
And music, and there is love
Grail overfloweth, there is rainAnd theres saliva, and theres you
Flinch for him
More than the other fakes
I sleep, horizontallyYou told Momma, you speak
You wish me to, see to you
Grail overfloweth, there is rainGrail overfloweth, there is you and me
Grail overfloweth, there is you and me
Grail overfloweth, there is you and me
Grail overfloweth, there is you and me
Grail overfloweth, there is you and me
Grail overfloweth
