Right Here

Hawk Nelson

Everytime I see you, I can see right through you
Knowing I could never change your mind
I look into your eyes for the last time
I have realized for the first timeWhile everyone is around, I'll take a moment
To let you know that I'm down
Have all my questions been ignored?
This time I'm walking out the doorI don't know if I'll ever know why
Or hear the sound when angels cry
What you said to me late last night
I'll remember for the rest of my lifeEvery night when I close my eyes
I see the ways that you've touched my life
And I want you to know
That I'll always be right hereTime stands still, so do I, leave me here
But for now I will go and I won't say nothingEverytime I hear that sound it reminds me
That you're always hanging around
Have all my questions been ignored?
This time I'm walking out the doorI don't know if I'll ever know why
Or hear the sound when angels cry
What you said to me late last night
I'll remember for the rest of my lifeEvery night when I close my eyes
I see the ways that you've touched my life
And I want you to know
That I'll always be right hereThese are the days
These are the moments that pass us by
We ask the questions
But we never really find out whyPull my card right from the bottom
Reminds me of the things we've forgotten
That road trip we took back in autumn
The time we left and went back and got 'emThese are the days
These are the moments that pass us byI don't know if I'll ever know why
Or hear the sound when angels cry
What you said to me late last night
I'll remember for the rest of my lifeEvery night when I close my eyes
I see the ways that you've touched my life
And I want you to know
That I'll always be right here
