

# Squat '96

## UK Subs

Criminal justice just for you.  
There ain't nothing you can do.  
Kick down the door, change the lock.  
Don't wanna live in a cardboard box. In a cardboard city - It ain't for me. Resist eviction in 96.  
Don't wanna live on the street.  
We don't have no police relations.  
Criminalize the corporations - In cardboard city. In a cardboard city - It ain't for me. How can we respect the law?  
There's a racist hate.  
Kick down the door, change the lock.  
Don't wanna live in a cardboard box. In a cardboard city - It ain't for me.
