Ooh yeah

Two drinks on me (yeah)

Got a lot on my mind (yeah)

I aint lookin for love no

but tonight you're mine

I'm on one, drinking up in this club

Girl I'm on one, sippin this til im drunk

Girl I'm on one, I fuck with you low-key

Girl I'm on one, and you coming home with me

She a bad thing, Baddest up in this club

she do bad things, play my song when we fuck

girl I'm on one, mixin up with that juice

tell me that I'm the one, you know I love the that way you move

in the club got fam with me, in the club got a band on me

in the club goin ham with the team, watch out she dance on me

(ooh yeah oh yeah)

Two drinks on me (yeah)

Got a lot on my mind (yeah)

I aint lookin for love no

but tonight you're mine

I'm on one, drinking up in this club

Girl I'm on one, sippin this til im drunk

Girl I'm on one, I fuck with you low-key

Girl I'm on one, and you coming home with me

Got bad a little thing on me, oh my

bring her out front so you know it's go time

My crew looking like pilots

How we be so fly?

I'm milly rock and then i hit the folks

Got your girl up on her tippy toes

My hotline bling, yeah she hit my phone

cause she really want the D like i'm in the zone

Feelin like a coach the way I'm making plays

Feelin like a pope the way I make aways

bottle in my hand (oh yeah) make it disappear like I'm david blain (oh yeah)

Two drinks on me (yeah)

Got a lot on my mind (yeah)
I aint lookin for love no
but tonight you're mine
I'm on one, drinking up in this club
Girl I'm on one, sippin this til im drunk
Girl I'm on one, I fuck with you low-key
Girl I'm on one, and you coming home with me (oh yeah)
Yeah we out in the town, girl you out of your mind
I can tell you got an ex and he aint out of your life
but for now but for now but for now, you aint worry bout him
Cause I need you tonight
Two drinks on me (yeah)
Got a lot on my mind (yeah)
I aint lookin for love no
but tonight you're mine
I'm on one, drinking up in this club
Girl I'm on one, sippin this til im drunk
Girl I'm on one, I fuck with you low-key
Girl I'm on one, and you coming home with me (oh yeah)
