

# Cookie Dough

## 4Dbling

[Chorus - Intro]

Hey chick, Iâ€™m the king of the shit (uh)

Do you wanna be the queen with me?

And uh, maybe set you free and you gon be everything that you wanna be (so uh)

Hey chick, Iâ€™m the king of the shit (uh)

Do you wanna be the queen with me?

And uh, maybe set you free sexually and you can, come and spend a little time with me (so uh)

[Verse 1]

Hey, â€œwhatâ€™s your name?â€• Iâ€™ve been asking

You tryna hide youâ€™re mesmerized by my actions

Maybe this is the fatal attraction

Falling for me fast, losing traction

If you dance baby, wanna dance now?

And if you donâ€™t, I can teach you how

You lookin fly, I need your number on my cellphone

I ainâ€™t gonna lie, Iâ€™ve been lookin for you, letâ€™s go

I like the way you dress and the way you talk, like

You ainâ€™t took a sip of water all night

Kissing every little inch of your neck

My fingers on your skin got you feelin so wet

Whisper in my ear, your voice so soft

Tellin me sum bout takin your shirt off

Cuz you so weak from the way that I speak

And you ainâ€™t even had half a muthafuckin drink

[Chorus]

Hey chick, Iâ€™m the king of the shit (uh)

Do you wanna be the queen with me?

And uh, maybe set you free and you gon be everything that you wanna be (so uh)

Hey chick, Iâ€™m the king of the shit (uh)

Do you wanna be the queen with me?

And uh, maybe set you free sexually and you can, come and spend a little time with me (so uh)

[Verse 2]

Hey, I need to look you in the eyes

You feelin nervous, do you got butterflies?  
Am I the first one to treat you like this?  
Anyone else ever did it like this?  
You just moaning, and it's gettin high-pitched  
And you holdin onto me like you rolling off a cliff  
You just hot for me, baby and I'm feelin you too

You can come to my party, but it's just me and you  
Cuz people lookin like we puttin on a show  
And I don't want these muthafuckas thinkin you a hoe, so  
We walk to the door baby, clothes on the floor

First time I see you real good! oh lord  
Your skin's so smooth, now I really want you  
And I know a sick place that's perfect for you (oh)  
You so cold, here, put on my jacket  
We can smoke a cigarette, that shit is like magic

[Chorus]

Hey chick, I'm the king of the shit (uh)  
Do you wanna be the queen with me?  
And uh, maybe set you free and you gon be everything that you wanna be (so uh)

Hey chick, I'm the king of the shit (uh)  
Do you wanna be the queen with me?  
And uh, maybe set you free sexually and you can, come and spend a little time with me (so uh)

[Verse 3]

You heard stories, so let's keep this on the down low  
You a pretty chick, wouldn't wanna let ya man know  
Let's go inside, I know a room that we can go  
To be alone, and yes, that's how my plan go

You can be loud, like my damn flow  
Sneaking in the room, man lock it like the commandos  
You weren't lying when you said you "waste no time"  
It's like I stepped on muthafuckin land mind  
You went from delicate, to really fuckin insane

I like that shit, I like the way you blow my brain  
Ok baby, let me do my thang  
You know baby, you're better than my dream  
You're so skinny, I think you need sum ice cream  
I'm so skinny, I think I need sum sugar, please?

You're so sweet that I think I'll call you "Cookie Dough"

You ready for this? Well ready, set, here we go

[Chorus - Outro]

Hey chick, Iâ€™m the king of the shit (uh)

Do you wanna be the queen with me?

And uh, maybe set you free and you gon be everything that you wanna be (so uh)

Hey chick, Iâ€™m the king of the shit (uh)

Do you wanna be the queen with me?

And uh, maybe set you free sexually and you can, come and spend a little time with me (so uh)
