

# Love Rendezvous

## M People

Kidnap me just for one night  
The earth will pass by if the ransom is right  
Don't worry I won't cause you any harm  
My only weapon is my charm Because I've got no past, I've got no time to waste  
I am the Goddess of your own good taste  
Hold me there, hold me so tight  
Kidnap me I won't put up a fight Because you and me, a love rendezvous  
Somewhere in paradise  
You and me, a love rendezvous  
Of lovers outta sight Patti sang horses, Stevie got uptight  
But I'm tellin' you everything is alright  
I'll make the drop, I'll honor the deal  
We'll be love bandits, it'll feel so real You name the place, I'll make the time  
Just come along, it'll be so sublime  
I wanna feel God, deep in your arms  
I wanna bathe in your own sweet charm Because you and me, a love rendezvous  
Somewhere in paradise  
You and me, a love rendezvous  
Two hearts meet outta sight You and me, a love rendezvous  
Somewhere in paradise  
You and me, a love rendezvous  
Two hearts meet outta sight Uptight, outta sight  
(Of lovers outta sight)  
Uptight, outta sight  
(Of lovers outta sight) Uptight, outta sight  
(Of lovers outta sight)  
Uptight, outta sight  
(Yeah) So you name the place, I'll make the time  
Just come along, it'll be so sublime  
I wanna feel God, deep in your arms  
I wanna bathe in your own sweet charm Because you and me, a love rendezvous  
Somewhere in paradise  
You and me, a love rendezvous  
Two hearts meet outta sight Uptight, outta sight  
(Of lovers outta sight)  
Uptight, outta sight  
(Of lovers outta sight) Uptight, outta sight  
(Of lovers outta sight)  
Uptight, outta sight

(Yeah)
