

# Wait

## SOAK

I fear the reaper  
The night of myself  
The seconds I'm beside you  
Your pulse pumped too fast  
If you're waiting for  
Someone to waste space with  
Dumb plastic bags  
Hope you'll hear their heart beating  
When you arrive  
You'll be waiting your whole life for  
You'll be waiting your whole life  
You'll be waiting your whole life for  
You'll be waiting your whole life  
Fish your hands out the car  
Somewhere on the motorway  
They feel infinite  
Tagged in people so they don't stray  
If you're waiting for  
Someone to waste space with  
Dumb plastic bags  
Hope you'll hear their heart beating  
When you arrive  
You'll be waiting your whole life for  
You'll be waiting your whole life  
You'll be waiting your whole life for  
You'll be waiting your whole life  
You'll be wasting your time on  
You'll be wasting all of your time  
On something that won't arrive
