Long Shot

Steep Canyon Rangers

I saw you noticed me when I walked in
You rolled your eyes when I started to grin
Now you don't have to tell me that I don't fit in
Cause I been traveling, I must say
I been thrown out of places that are nicer than this
For a whole lot more than just one kiss
Though we might just find what we always have missed
While I'm still aliveI have always been a long shot baby
Bettin' on every chance I got
People gonna say that they knew me a win
Cause I've always been a long shotYou can win more than you're willing to bet
So put your love on the table, then you'll see what you get
Till your ships comes in you might get wet
They say talk is cheap,
So I always keep a prayer in my heart and a horse in the race
Reel a line in the water and a (?) for the ace
I'm learning how to fly while I'm falling from grace
I learned how to flyI have always been a long shot baby
Bettin' on every chance I got
People gonna say that they knew me a win
Cause I've always been a long shot
