## Eminem

### Intro

Yeah, yeah yeah yeah yeah yeah yeah...  
Okay... Aight aight aight aight aight aight  
Yo yo... Alright I'ma lay the chorus first...  
Here we go now!

### Chorus

My Mom love valium, and lot's of drugs  
That's why I am, like I am, because I'm like her!  
Because My Mom love valium, and lot's of drugs  
That's why I'm on, what I'm on, 'cause I'm My Mom!

My Mom, My Mom, I know you're probably tired  
of hearing 'bout My Mom, oohoh-Woohoh  
But this is just a story of when I was just a  
shorty and how I became hooked on va-al-ium

Valium was in everything, food that I ate  
The water that I drank, fuckin' peas on my plate  
She sprinkled just enough of it, to season my steak  
So everyday I'd have at least 3 stomach aches  
Now tell me, what kinda mother would wanna see her  
Son grow up to be an under-a-fucking-chiever  
My teacher didn't think I was gonna be nothing either  
What the fuck you stickin' gum up under the fucking seat for?  
Mrs. Mathers, your son has been huffing ether  
Either that or the motherfucker's been puffin' reefer  
But all this huffin' and puffin' wasn't what it was either  
It was neither, I was buzzin' but it wasn't what she thought  
Pee in a teacup? Bitch you are not my keeper, I'm sleeping  
What the fuck you keep on fuckin' with me for  
Slut, you need to leave me the, fuck alone I ain't playing  
Go find you a white crayon, and colour a fuckin' zebra

### Chorus

My Mom love valium, and lot's of drugs  
That's why I am, like I am, 'cause I'm like her!  
Because My Mom love valium, and lot's of drugs  
That's why I'm on, what I'm on, 'cause I'm My Mom!

Alright Maa', you win, I don't feel like arguin'  
I'll do it, pop and gobble it, and start wobblin'  
Stumble, hobble, tumble, slip, trip, then I fall in bed  
With a bottle of meds and a Heath Ledger bobble head

Chorus :

My Mom love valium, and lot's of drugs  
That's why I am, like I am, 'cause I'm like her!  
Because My Mom love valium, and lot's of drugs  
That's why I'm on, what I'm on, 'cause I'm My Mom!
