

Cloud Aura

Charli XCX

Baby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt so hard, huh, you fucked up hardWe were on some Bonnie and Clyde shit
Kept the blunts rolled, always let you take the first hit
When the Feds caught us I said I would take the rap
'Cause I knew it ain't easy livin' life in the trap
I was the Queen B, and you were like my Jay-Z
The only one who held me down when I was fucking crazy
Ivonne and Trump, shit we coulda ran the world
You were my Chris Brown, I was your only girl
Let you put your feet up while I was cooking you breakfast
Thought I found my rider, yeah but now I just regret shit
Log into your email cause I knew that shit was wrong
Pulling up a private photo of a bitch showing her thong
And I look a lil closer it's my home girl Lisa
Time to terminate shit, hasta la vista
Married to the mob so I put a hit on it
Handed you my right, then you took a shit on it
That's fucked upBaby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt so hard, huh, you fucked up hardNow I'ma fuck your shit up
Supply it to your picker
And drive a supersonic, crash and burn it with my sister
No I don't need a mister, cancel your babysitter
I'm never going down that road, it's easy to resist youYou broke my heart
And I'm never gon' forget this
You broke my heart
And I am coming back to get you, don't you knowBaby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt so hard, huh, you fucked up hardBaby what hurts the most is when you become so cold
You're starting to hurt my heart, you left me here in the dark
Now I got to make a change, I don't want to see your face
I'm starting to hurt so hard, huh, you fucked up hard
