

Turbulence (feat. Lil Jon)

[Steve Aoki](#)

Ladies and gentlemen,
Welcome to flight 909
Taking you on a journey
All around the world
With your captains
Steve Aoki
Lil Jon
Laidback Luke
Are you ready?
Are you ready?
Ready for takeoff We hit turbulence Let's go
What a rush
Yeah! Attention passengers
This is your captain speaking
I regret to inform you, we might encounter some turbulence
So when it happens
Put your hands up high
Like you on a roller coaster
Initiate emergency procedures
Up up up up up up
Higher higher higher higher higher higher higher higher higher higher We had turbulence, yeah! Let's go
What a rush
Yeah!
