

I Want Brandy

Van Coke Kartel

I want a drink that's tough but sweet
It's so fine, it can't be beat
It's got everything that I desire
Set the summer sun on fire
I want brandy x4
Playing on the beach, ain't nothing better
I drink brandy, whatever the weather
Someday soon I'll make it mine
And I'll have brandy all the time
I want brandy x4
I want brandy
I want whiskey
I want brandy
I want whisky
I want brandy x2
