

# Breaking Me Down

## Soil

Let it go  
How far will a falling star take me  
How far can I go can I go  
Gotta be what the nightmare made me  
Gotta be gotta be what I see  
Jump clear of the falling parts from me  
How far will they go will they go  
Can't give what you need from me baby  
Just let it go Bringing me down break me down sweet sugar  
Bringing me down break me down  
Breaking me down to the ground sweet baby  
Breaking me down to the ground Too much is made of what's in me  
Not enough about how I strive  
Keep an eye on your world it's cheating  
Keep an eye keep an eye on me  
Deep inside there's a little place for me  
A little place for me  
Can't give what you want from me baby  
Just leave it be Sweet razor wound  
Deep down slice my groove  
Sweet razor wound  
Deep down c'mon and slice it
