

The Great Intoxication

David Byrne

Who Disco?
Who Techno?
Who Hip-Hop?
Who Be Bop?
Who's been playing records in his bedroom? Who rocks out?
Who's spaced out?
Who brings you?
Who sings you?
Who's still workin' on his masterpiece? The great intoxication
The mental generation
Sound effects & laughter
Stupid ever after
Hopin' it was cranked up
Loud enough for you to hear He's drunk and he's insistent
Shy but he's persistent
Boisterous & jumpy
Disorganized & funky Every day he wonders
What the hell she sees in ME? Ah, but who saves you?
Who craves you?
Who Heartbreaks?
Who love makes?
Look into the eyeball of your boyfriend Who drives you?
Capsized you?
Who shakes you?
Who wakes you?
Who's still workin' on his masterpiece
