I Want Everything

Hope 7

I wanna believe what I believe
That someday the future holds for me
Something special, yet something unique
Somewhere over the rainbowChorus:
I wanna be that girl who has everything
I wanna wish that I'm better, I'm gonna make it rain
I wanna fly like a bird and spread my wings
Come on, come on, come on
Hear me everything
I deserve on I can get you nothing you've seen
(I'm not really sure if that's the right lyric, it's hard to understand)
No, nothing yet
I'm gonna grab the brassy golden ring
Come on, come on
I want everythingDon't need to dream cuz it's all comin' true
Don't give me a choice cuz there's nothin' to choose
I'm on a mission, I'm not gonna lose
So don't bet against meI know it's gonna happen
It's a glorious fashion
I'll know when I'm dancin'
In my mansionChorus 1x
(I want everything)Don't try cuz if you try
They'll try to take it from you
Don't try cuz if you try
They'll try to take it from youI wanna be that girl who has everything
(I don't know these words) but it's good to be me
I'm gonna fly like a bird and spread my wings
Come on, come on
I want everything(Come on, come on, come on...)
Come on, come on
Hear me everythingI deserve on I can get you nothing you've seen
No, nothing yet
I'm gonna grab the brassy golden ring
Come on, come on
I want everythingI know it's gonna happen...
Come on, come on...
It's a glorious fashion
You'll know when I'm dancin'
Come on, come on...

In my mansion
I want everythingI deserve on I can get you nothing you've seen
No, nothing yet
I'm gonna grab the brassy golden ring
Come on, come on
I want everything
