

# You Won't Be Lonely

Dwele

You wont be lonely tonight  
If i have anything to do about it, say about it, its for our love  
You wont be lonely tonight  
If i have anything to do about it, say about it, its for our love  
You wont be lonely tonight  
If i have anything to do about it, say about it, its for our love  
You wont be lonely tonight  
If i have anything to do about it, say about it, its for our love  
Oooooooooohhh oh yhhhhhhhhhhh
