The Price We Pay

Rogue Traders

If you wanna ask me what is wrong, I can't say
Feeling bad has never felt this good, it's fair to say
And I'll get by 'cause you remind me
That's the price we pay for loveI'm just happy waiting by myself again today
Being here reminds me of your smile, so I stay
And I'll get by 'cause you remind me
That's the price we pay for loveThat's the price we pay for love
The price we pay for love
