Pop a Top Off (Good Time On)

Chase Rice

I hold this guitar like a shotgun
Under bright lights, on a stage every Friday night
And if you wanna tell your boss man
To kiss your ass you're in the right place now
And I wanna know if you came down here from a dirt road
If so, hold one highest

We're all here for a good time
Boys, if you're ready to get rock, we don't stop
We poppin' off like a bottle rocket most shots
Girls, will do me a favor, pour another Yeager, shake your money maker

I'm just a country boy singin' my song
So come on y'all, sing along
Pop a top off and get your good time on
Pop pop a top off and get your good time on

Just so you know that we're on the same page
Got a nice cold beer up here on this stage
If y'all don't mind if I partake then wait

Here we go, now we're ready to roll
It's on with the show, throw your hands up and sing
Hey hey

Boys, if you're ready to get rock, we don't stop
We poppin' off like a bottle rocket most shots
Girls, will do me a favor, pour another Yeager, shake your money maker

I'm just a country boy singin' my song
So come on y'all, sing along
Pop a top off and get your good time on
Pop pop a top off and get your good time on

Boys, if you're ready to get rock, we don't stop
We poppin' off like a bottle rocket most shots
Girls, will do me a favor, pour another Yeager, shake your money maker

I'm just a country boy singin' my song
So come on y'all, sing along

Pop a top off and get your good time on
Pop pop a top off and get your good time on

I said pop a top off and get your good time on
Pop pop a top off and get your good time on
