

# Tomorrow

## Gianluca

Whoah oh oh oh

whoah oh oh oh

His name is Jeremy, working in IT

Never questions why he has always been  
an extremely careful guy sensitive and shy

risk assessment is his investment in a life of no surprise

till she walked into his lifeShe spontaneous indeed uncertaintys her creed

She has always been nither black or white

just a curious delight

She threw affection in his direction a collection of her smiles

and to his surprishe's like tomorrow oh so distant she just wants to play

like tomorrow she is always one day away

all the time she slips away its close but yet so far

it's time to follow her tomorrow whoah oh oh oh

time to follow her tomorrow whoah oh ohHe fell for her to fast we all thought it wouldn't last

cos good ol Jeremy likes his rigorous routine

cause he only thinks today but tomorrow is a way

to find a new direction and you'll be okayshe's like tomorrow oh so distant she just wants to play

like tomorrow she is always one day away

all the time she slips away its close but yet so far

it's time to follow her tomorrow oh oh oh ohTime to follow her tomorrow oh oh oh oh

Time to follow her tomorrow oh oh oh oh

Time to follow her tomorrow oh oh oh ohshe's like tomorrow oh so distant she just wants to play

like tomorrow she is always one day away

one day away one day away

one day away one day awayall the time she slips away its close but yet so far

it's time to follow her tomorrow oh oh oh oh

it's time to follow her tomorrow oh oh oh oh

Time to follow her tomorrow
