

Blue (feat. The Auckland Philharmonia Orchestra)

Serj Tankian

I'm wishin' and wishin' away at you god
I'm wishin' and wishin' away at you god I don't see nothing but pain and misery,
Cause you are the one for me
Why can't it all be true?
Can I escape with my blue fallen reverie?
Why can't it all be true?
Why can't it all be true? I'm wishin' and wishin' away at you god
I'm wishin' and wishin' away at you god Suddenly, I believe you are the one for me
Graciously you move through my pores like
Can I escape with my blue fallen reverie?
Why can't it all be true? Why can't it all be true? I've been wishin' away at you god,
I've been wishin' away at you
I've been wishin' away at you god I don't see nothing but pain and misery,
Cause you are the one for me
Why can't it all be true?
Can I escape with my blue fallen reverie?
Why can't it all be true?
Why can't it all be true? I'm wishin' and wishin' away at you god
I'm wishin' and wishin' away at you god At you god, at you god
At you god
