# Natural High

## E. Bland

Life's full of pain, life's full of stress
Specially when you're comin' from the streets
Inhale my vibe, like ya smoking sess
Let it flow from your head down to ya feet
I gotta high for everybody who wants some
Worldwide ghettos if you're feelin' this one
I gotta natural high just for your brain
I'll make you fly but I won't turn you insane
What me say now, fuck powder, fuck pills, see me
Stricly chemical free like sweet sensi
Fuck coke, fuck ecstasy
I've seen that shit take over too many
Fuck powder, fuck pills, see me
Stricly chemical free like sweet sensi
Fuck coke, fuck ecstasy
Ma music gets me as high as I need
