

# Driving After You

## Katzenjammer

My baby, I fell for you  
And lately I've been crawling too  
Consistent is the hard line  
And you know your way around mine  
How I wish I could redefine  
And get you off my mind 'Cause if you're leaving  
I'm driving after you  
I'm driving after you  
My heart is abusive  
And my soul is aching too  
So won't you take me back home with you? My baby, you got me good  
Oh, and maybe a little more than you should  
Oooh  
You say your finger has more magnetic force  
Still, I found myself wrapped around yours  
How I wish I could redefine  
And get you off my mind 'Cause if you're leaving  
I'm driving after you  
I'm driving after you  
My heart is abusive  
And my soul is aching too  
So won't you take me back home with you? 'Cause if you're leaving  
I'm driving after you  
I'm driving after you  
My heart is abusive  
And my soul is aching too  
So won't you take me back home with you? If there's one thing you should know  
There are lengths that I would never go  
Unless you promise to follow  
'Cause now you've got me on my knees  
And you know I'm rarely begging, please  
But if I could ask for one last thing  
'Cause you distort my velvet mind  
And you're releasing all my roller blinds  
Got my rhyme and reason all wind  
So if I'm driving after you  
It's 'cause no one else will ever do  
So you must always take me back

Always take me back
