Away With The Summer Days

Youngstown

I met her on a sunny Sunday afternoon
She hit me with a smile warmer than the days of June
By then I knew she had to be in some way a part of me
She was as beautiful as a flower in bloom, flower in bloom[Chorus]
The heat of the sunshine could not compare
To the heat of the passion in times we shared
And then out of the blue the cold winds came
She went away and I'll never be the same
She went away with the summer days
She went away with the summer daysWe were inseperable we would spend
Everyday together night after the day would then
The time would come for the sun to leave (sun to leave)
That's the way things had to be (had to be)
And when the sun was gone I looked around and so was she[Chorus]Summer days, oh, summer days
She went away with the summer days[Bridge]
Though the summertime is through (the summertime is through)
I can't stop thinking of you (thinking of you)
I can't seem to get you off my mind
All I know is I can't wait until next summertime[Chorus: x 2]
