## Years Go By

## **Stratovarius**

Look around do you see So many things have changed And you should know by now I never meant to hurt you at all All my life I have been an outcast But now I 've been reborn And I see things so clearOpen your eyes and realize Hard times are over if you want Open your mind Reach for the stars Answer is there for us to findYears go by Never know when it 's too late Years go by Yourself you seal your fate Don 't look the answer from horizon It 's closer than you think Years go by, oh how they go by
