

# Love and Misery

Leon Majcen

Love and Misery

If I was a sailor, and traveled out to sea  
Would you sail the world with me, would my heart be the hole to your key  
If time was an angel, an angel from above  
The happiest people on this earth would be the two that were always in love

---

Chorus

Love is what all the people need  
A world with love is a world that grows and succeeds indeed  
Weâ€™re all just brothers and sisters and family  
People singinâ€™ sad songs from all their heartbreak and misery

---

If light was an object an object that exists  
Or was it all these other bad things will be the reason why the people get missed  
If perfection was common, a thing you saw every day  
There wouldnâ€™t be a thing to see or the thing in the fairy tale that you read

---

Chorus

Instrumental

Chorus
