

Oh Caroline

Jay Jay Pistolet

Oh, Caroline
My life shined, when you walked in
Oh, Caroline
My world shined, when you came in And if I go all over the world
I wouldn't find another lover like you
And if I knew a million girls, Caroline (Go to the end of the world)
For your love
(Go to the end of the world)
For your love Oh, Caroline
My heart climbed, when you came in
Oh, Caroline
Life means more, since you came in And if I go all over the world
I wouldn't find another lover like you
And if I knew a million girls, Caroline (Go to the end of the world)
For your love
(Go to the end of the world)
For your love (Go to the end of the world)
For your love, love, love, oh Caroline
(Go to the end of the world)
For your love Can you feel my heart strings, they're on fire?
You threw it all away (Go to the end of the world)
Oh Caroline, oh Caroline
(Go to the end of the world)
Love, love, love, love, Caroline (Go to the end of the world)
Love
(Go to the end of the world)
For your love, love Sweet Caroline
