I've Got a Picture

Radney Foster

You got your arguments all in a line
I've got my reasons nose to tail
The last hope of innocence got torn to shreds this time
You hate the memories and I'm cursing each detailI've got a picture and you've got a photograph
We both see what we want to see
I've got a picture of you trying to shove me out
Looks like to you I'm trying to leaveEach little broken piece of what we thought was fine
Is laid out for all the world to see
We've sold off everything that wasn't yours or mine
We'll never satisfy the monster that we're feedingI've got a picture and you've got a photograph
We both see what we want to see
I've got a picture of you trying to shove me out
Looks like to you I'm trying to leaveYou won't get the chance to prove who's right or wrong
You just get the chance to prove what's goneI've got a picture and you've got a photograph
We both see what we want to see
I've got a picture of you trying to shove me out
Looks like to you I'm trying to leave
Looks like to you I'm trying to leave
