

When I'm With You

Corey Crowder

Tonight could be just the beginning
I should be smiling inside
So I'll write a song that brings out the southern summers
Just to share in a saving grace

If I could find the words to say
This won't hurt, I promise you that
If you feel me leave, I'm still here
I see things all too clear
When I'm with you

Picking up where we left off
The last time we sailed across
The sea was calm
Setting sail and holding on
To the best we can carry
I count this one as a victory

and If I could find the words to say
This won't hurt, I promise you that
If you feel me leave, I'm still here
I see things all too clear
When I'm with you

and If I could find the words to say
This won't hurt, I promise you that
If you feel me leave, I'm still here
I see things all too clear
When I'm with you, When I'm with you,
When I'm with you, When I'm with you.....
