All the Reasons Why

Downhere

Well we're thrown in on a stage
To find our paths to yesterday
When the world seem so much smaller
And we were free, free to beWell we all moved to the big town
And we all put on the big sound
Truly what would we sing for
If it wasn't for Your GraceAnd we sing 'cause You are bigger
Than any reference we could make
And we dance until we're tired
Because we know Your name is greatOn our journey give us Grace
As we follow lines Your hand will trace
You have called us to a crown
But for a time, to taste the groundGive us edge by ones You love
Shrewd as snakes and harmless as doves
Songs will always find their endings
But Your story never dies, that's why?We sing 'cause You are bigger
Than any reference we could make
And we dance until we're tired
Because we know Your name is greatAnd we sing 'cause You are bigger
Than any reference we could make
And we dance until we're tired
Because we know Your name is great
