

Permission

Alanis Morissette

I've been this girl offering much
Grumbling low and I give all
All that was asked of me, when order was solved
And vision was unrelenting
I never stop long enough to swim against the tides of old
And I was single-minded too much to look toward
This??
So now Permission to be, permission to solve
And do the only things that matter to me
The freedom to flow, to? genuine?
And do the only things that matter to me And sure, I've had my fun
Played with my roles
With times for a break heart?
But then, after a while, so much done by road
No longer by inspiration
I've never stopped long enough to see who's? this??
And I was not sanctioned to stop
And realize who's was this??
So now Permission to be, permission to solve
And do the only things that matter to me
The freedom to flow, to? genuine?
And do the only things that matter to me With the space
By the dropping of?
This license
To be
With this?
??So now
Permission to be, permission to solve
And do the only things that matter to me
The freedom to flow, to? genuine?
And do the only things that matter to me Oh, oh, oh, oh
Oh, oh, oh, oh
The simple things that matter to me
Oh, oh, oh, oh
Oh, oh, oh, oh
The simple things that matter to me
Oh, oh, oh, oh
Oh, oh, oh, oh
The simple things that matter to me

Oh, oh, oh, oh
Oh, oh, oh, oh
The simple things that matter to me
