I Wanna Come

Turbonegro

I wanna come to the party at your house
I wanna come but I can't get off
If you let me come, I'll come for both of us
But I just can't seem to get off this crazy busSo come on, oh baby, come on, I just wanna come
Ain't going home till I'm done, no, noIf you invite me to your party
We could have some fun, such fun
Oh, please invite me to the party
I just wanna comeYou know this money shot, it could be so hot
If you let me come it will be the lot
It seems like you just don't care if I could come over there
But that's okay with me, I'll just come over hereSo come on, oh baby, come on, I just wanna come
Ain't going home till I'm done, no no'Cause I need my luck and I'm gonna get my cut
And I ain't got nothing to hide
Got a one track mind and a double bind
Can't wait to get up from this rideIf you invite me to your party
We could have some fun, such fun
Oh, please invite me to the party
I just wanna comeIf you don't want me at your party
I won't stay too long, too long
I'm into coming and I tell you
That I'm still not doneI'm heading over as we speak
'Cause I'm just gonna come
