

The Doubter's Glass

The Bogmen

Color blast the beautiful
I feel antsy and political
Always doubt the cynical
They want to ruin the worldThe air is so polluted
Like Poseidon's halitosis
All the bellies that are blowing it
Whose necks are hung with pearlsThe time of our arrival
Is key to our survival
And I have not yet been bitten
By the flies of pessimism, 'mismCastigate the criminals
Bury the subliminal
The overflow of undertow
Has got us by the ballsBut I don't care about negative
Still it sells but doesn't sacrifice
Why should we all pay the price
To build these prison walls?The time of our arrival
Is key to our survival
And I have not yet been bitten
And the doubter's glass is filled up, filled upSay hello to sunshine
Say hello to sunshine
Say hello to sunshine
Gimme little moonshineSay hello to sunshine
Say hello to sunshine
Say hello to sunshine
Say hello to sunshineSay hello to sunshine
Say hello to sunshine
Say hello to sunshine
Shoot anything that crawls
