

Covered With Fire (I'm Hell)

Carnal Forge

You're So Sick But You're Not Too Much
Don't Worry, You Are Not Alone
Now I Got You, We're Ready To Crush
I Can't Slow Down, Fuck Slow Down, Do It!
Cut Yourself Up, Slice Your Arm Into Fucking Pieces
Watch Your Blood Cover The Wall, Do It!
I Command You To Burst Into Pieces I Want To Cover You In Fire
You're Doomed To Die In Hell, And I'm In Hell In The Darkest Part Of The Human Brain
You'll Meet Your Creator,
I Sure Would Like To Join I Got, But I'm Already Dead Come On, Don't Be Scared
But I Do Eat Fear, And I Puke Fire
