

Moonshine

Bruno Mars

Hello

You know you look even better than the way you did the night before
And the moment that you kissed my lips you know I started to feel wonderful
It's something incredible, there's sex in your chemicals
oh, let's go

You're the best way I know to escape the extraordinary
This world aint for you, and I know for damn sure this world aint for me
Lift off and say goodbye
Just let your fire set me free

OhhhMoonshine, take us to the stars tonight
Take us to that special place

That place we went the last time, the last timeI know, I was with you last night but it feels like it's been so long
And everybody that's around they know that im not myself when you are gone
It's good to see you again, good to see you again

On top of the world, is where I stand when you're back in my life
Life's not so bad when you're way up this high
Everything is alright, everything is alrightMoonshine, take us to the stars tonight
Take us to that special place

That place we went the last time, the last time, ohhMoonshine, your lovin makes me come alive
Take us to that special place

That place we went the last time, the last timeDon't look down no don't ever look back
We are not afraid to die young and live fast
Give me good times, give me love, give me laughs

Let's take a ride to the sky before the night is goneMoonshine, take us to the stars tonight
Take us to that special place

That place we went the last time, the last time, ohhMoonshine, your lovin makes me come alive
Take us to that special place

That place we went the last time, the last time
