

# What I Have to Offer

## Eels

What I have to offer  
Well, there's a lot  
Now I'm a modest man  
But look at all I got For all the wear and tear  
I look okay  
I got good manners  
And I make good, good pay And you know I'm all full of love  
For you What I have to offer  
Well, there's so much  
I care and need your really  
Tender touch I got a pleasin' disposition  
And I don't care about  
Football or fishin' And you know that I'm all full of love  
For you What I have to offer  
Well, check it out  
I've learned some things  
And I know what it's about I'm quite discerning and  
I'm pretty smart  
It takes an awful lot to  
Win my heart But you know that I'm so full of love  
For you
