

Winter in July

Bomb the Bass

Look around
Wonder why,
We could live a life that's never satisfied

Lonely hearts
Troubled minds,
Looking for a way that we could never find

Many roads are ahead of us
With choices to be made,
For life's just one of the games we play
There is no special way

[Chorus]
Make the best of what's given you,
Everything will come in time.
Why deny yourself,
Don't just let life pass you by
Like winter in July

Future dreams,
Can never last
When you find yourself still livin' in the past

Keep moving on,
To higher ground
Looking for the way you thought could not be found

We might not know the reason why,
We're born into this world
We're a man only lives to die,
His story still untold

[Chorus]

And we might not know the reason why,
We're born into this world
We're a man only lives to die,
And his story still untold

So

[Chorus]
