It's Over

White Lion

Theres a little note beside this empty bed
I hear the back door slam Rn baby youre on your way
You know I cried a thousand times before you left
You say that this is it
But baby cant you wait
You take your love and go far away
But Ill be missing your everyday
RCause its over
And theres nothing I can do
Yeah its over
But Im still in love with you
Over, over, over
But I love you girl
And I want you back again
This house is lonely and cold without you here
I wish the pain inside my heart would disappear
I know that I was wrong to treat you like I did
But dont you think our love deserves a second chance

When all the love is gone from your heart
And everything we had falls apart
Then its over
And theres nothing I can do
Yeah its over
But Im still in love with you
Over, over, over
But I love you girl
And I want you back again
Tears are falling from my eyes as I cry
I only wish that you were here
If only you had told me
If only I had known
Maybe you would still
Be sleeping in my arms
Wont you let me know
Wont you let it show
Now its over. Etc.
