Loud Noises (Produced By Chris Blade)

Yuna

I promise you my friend
We'll grow old together and never look back
We traded strengths and weakness
And no one could ever take that
I promise you my friend
I see you in my stars
Self proclaimed philosophers
Oh that's what we areAnd when ever you're about to fall apart
Sing the songs we used to be
And whenever you want to fix your heart
Remember us and these loud noisesPromise me my friend
Do what you do and do it great
And you know we're not that kind
To sit around and wait
Promise me my friend
Be brave like I am still around
So promise me again
That we will stay the sameAnd when ever you're about to fall apart
Sing the songs we used to be
And whenever you want to fix your heart
Remember us and these loud noisesAnd these loud noises
And these loud noisesAnd when ever you're about to fall apart
Sing the songs we used to be
And whenever you want to fix your heart
Remember us and these loud noises
