Restless nights

The Scorpions

Blackout in London
Just slip an' slide
Blackout in London
I'm just about to lose my mindBig time in Paris
Time's gonna fly
Big time in Paris
It's c'est la vie for me tonightHere I go
To take the one and only road I know in my life
Here I go
Another place to bare my heart and soul, restless nightsHot shot in Dallas
A wild horse to ride
Hot shot in Dallas
I don't know how, but I survivedRock hard in Rio
Pure sex and crime
Rock hard in Rio
It's just too much to take tonightHere I go
To take the one and only road I know in my life
Here I go
Another place to bare my heart and soul, restless nightsRestless nights
Restless nightsRed hot in Moscow
Turn back the tide
Red hot in Moscow
That eagle rocks the bear tonightDie hard in Tokyo
Lexington nights, yeah, yeah
Die hard in Tokyo
I barely made it out aliveHere I go
To take the one and only road I know in my life
Here I go
Another place to bare my heart and soul, restless nightsHere I go
To take the one and only road I know in my life
Here I go
Another place to bare my heart and soul, restless nightsRestless nights
Restless nights
Restless nights
Restless nights
