

# Restless nights

## The Scorpions

Blackout in London  
Just slip an' slide  
Blackout in London  
I'm just about to lose my mindBig time in Paris  
Time's gonna fly  
Big time in Paris  
It's c'est la vie for me tonightHere I go  
To take the one and only road I know in my life  
Here I go  
Another place to bare my heart and soul, restless nightsHot shot in Dallas  
A wild horse to ride  
Hot shot in Dallas  
I don't know how, but I survivedRock hard in Rio  
Pure sex and crime  
Rock hard in Rio  
It's just too much to take tonightHere I go  
To take the one and only road I know in my life  
Here I go  
Another place to bare my heart and soul, restless nightsRestless nights  
Restless nightsRed hot in Moscow  
Turn back the tide  
Red hot in Moscow  
That eagle rocks the bear tonightDie hard in Tokyo  
Lexington nights, yeah, yeah  
Die hard in Tokyo  
I barely made it out aliveHere I go  
To take the one and only road I know in my life  
Here I go  
Another place to bare my heart and soul, restless nightsHere I go  
To take the one and only road I know in my life  
Here I go  
Another place to bare my heart and soul, restless nightsRestless nights  
Restless nights  
Restless nights  
Restless nights
