

I Wasn't The One (Who Said Goodbye)

[Agnetha Fältskog](#)

Your eyes and my eyes haven't talked in quite a while
Seems like a lifetime since I walked beside your smile

There's a dark cloud that's hanging above

Memories never lie

Still we talk about the way that it was

And I think we both know the feeling hasn't died

I wasn't the one who said goodbye, oh no

I wasn't the one who disappeared in the night

And I won't be the one to say that we can't try

Da Da

Your touch and my touch haven't spoken for some time
You say we've both changed and your always on my mind
I can tell you that it's over and done but I would only lose

Being close to the want that I want

So go on and ask me if I'm still in love with you

I wasn't the one who said goodbye, oh no

I wasn't the one who disappeared in the night

And I won't be the one to say that we can't try

Da Da

There was no need for you to ask - please don't ask
You oughta know by now, ooo babe, I want you back

I wasn't the one who said goodbye, oh no

I wasn't the one who disappeared in the night

I wasn't the one who said goodbye, oh no

I wasn't the one who disappeared in the night
