

Take Inventory

The Isley Brothers

I want you to take good inventory
Listen to my story:
"If you give true love and I know you do
Soon your woman will believe in you
So you can be too sweet
I know You can be too kind
Listen to my story
She'll break your heart boys
And control your minds
Listen to my story
One thing I know now and this is a fact
She'll be cryin' and tryin' to take you back TAKE AN INVENTORY
No good man
Don't go for it
Don't be a fool
ware, ware what you tell her
And go away
But not too far babe,
You may wanna warm it back someday
And if this happens
She'll go by your rules TAKE AN INVENTORY
She'll do what you tell her
And do what you wanna do
Alright,
just sit back and be cool,
Listen to my story
Alright
Listen to my story
Just sit back and be cool
And she'll do what you tell her to do
Listen to my story,
Be sure to lie
And be sure to cheat
Listen to my story
Always keep that woman beggin'
At your feet
Don't be so loyal and
Don't be so true TAKE AN INVENTORY
'Cause if you are boy

They'll run over you
Listen to my story
Show who's the Boss and
Show who's the King
Show you can be cold now
And you can be mean
Alright
Tell me how you like my stuff
I want you to take good inventory
Show me how you like my stuff
