Even If Time Stood Still

Satanic Surfers

Advisory - the following lyrics contain explicit language:

(x2) My head feels like an empty shell sometimes and sometimes overcrowded
By thoughts that make no sense
I think I need to slow down
I need to rest my head on this pillow for a couple of hours
When I get up again
I'll take one step at the timeThere's just too much I want to do, so many things I'd like to do and there are things
I have to do but I forget toEven if time stood still
We'd still be running
Trying to achieve something but we don't know what (x2)Even if time stood still (x2)
