

Bowl n' a Beer

People Corrupting People

Stop and check the clock again
Don't think this work day will ever end
Baby, you've been on my mind all day since break (for heaven's sake)

Time flies when you're having fun
Right now, I wish I had a gun
Anything just to blow me away.

Only one thing I can say!

Whisky is alright, tequila is just fine
But that won't do tonight.
All I want, is for you to be here.
Whisky is alright, tequila is just fine
But that won't do tonight.
All I want is a bowl and a beer.

When the world gets on my case
You take me to a fun, familiar place
Away from the heartache and all of the senseless pain (sweet Mary Jane)
So won't you run away with me?
To somewhere the three of us can be free
Away from the Mrs. and her constant misery

Only one thing I can do! (Only one thing I can do)
You're made for me, I'm made for you!. (howl)

Whisky is alright, tequila is just fine
But that won't do tonight.
All I want, is for you to be here.
Whisky is alright, tequila is just fine
But that won't do tonight.
All I want is a bowl and a beer.

Now I'm sleeping on a couch, she kicked me out
Those things you never do to me
She slammed the door and said I snore
But not before I stole my piece
She don't mean near as much as you mean to me.

Whisky is alright, tequila is just fine
But that won't do tonight.
All I want, is for you to be here.
Whisky is alright, tequila is just fine
But that won't do tonight.
All I want is a bowl and a beer.
Whisky is alright, tequila is just fine
But that won't do tonight.
All I want is a bowl and a beer.
