

Nasty Girls

Holychild

Hey hey, give it up! We don't matter anyway!
Boys like nasty girls! Take him on a holiday! Know your place and make your face up
Pretty lips can make us all care
All I know is all I do
Tell me if you think it's cool
Make you happy make you melt
Fall in love with someone else We're all just dreamers
Living like we've won
Riding some high until we're done (until we're done) Dye your hair! Tan your skin! Liposuction's really in!
Adderall! Join the fall! Do it to be beautiful!
How you talk, how you move, you know what you have to do
Hey! Hey! Hey! Nothing left to touch or hold
Shut your mind you talk too bold
Everyday I'm someone new
I know that you feel it too We're all just dreamers
Living like we've won
Riding some high until we're done (until we're done) Baby, I feel it
Knowing when minds melt
Won't you just lie to me for good? All we know is all we do
Everybody's talking too
Start the revolution now
TV power's going down We're all just dreamers
Living like we've won
Riding some high until we're done Baby, I feel it
Knowing when minds melt
Won't you just lie to me for good? (boys like nasty girls, nasty girls, nasty girls) We're all just dreamers
Living like we've won
Riding some high until we're done (do it, do it, do it to be beautiful!) Baby, I feel it
Knowing when minds melt
Won't you just lie to me for good? Know your place and make your face up
Pretty lips can make us all care
