Grass Is Greener

Modaji

Tell me where the hell you get the nerve
Comin' back asking for a second chance?
After you left me alone for the next man, oh no
Ain't it funny now I'm making money
Now you showin' up after I'm blowin' up, up
Baby, I used to love you, but now the party's overShoulda thought about it 'fore you said, "Goodbye"
(Shoulda thought about it, oh yeah)
And the same thing that makes you laugh can make you cry
(Make you cry, make you cry, make you cry)
But the grass was much greener on the other side
(But the grass was much greener on the other side, baby, oh no)
But the the same thing that makes you laugh can make you cry
(Oh yeah)You thought it was all good when you left me in the hood
Told you he'd buy you things that I never could
You said he had more cheddar than me, wasn't ghetto like me
Now you realize your mistakes but you realized too lateShoulda thought about it 'fore you said, "Goodbye"
(Shoulda thought about it, oh no)
And the same thing that makes you laugh can make you cry
But the grass was much greener on the other side
(But the grass was much greener, thought it wasn't, baby)
But the the same thing that makes you laugh can make you cry, yeahBaby, you thought you played me for a fool
(Baby, you thought you was gonna play me, ha)
Now I'm the one that's laughin' at you
(Now I'm the one laughin' at you)Thought you would never see my face again
(Thought you wouldn't see my face, no, no, no, no, no)
Now I'm the one that's laughin' in the end
(Now I'm the one laughin' in the end)
Shoulda thought about itShoulda thought about it 'fore you said, "Goodbye"
(Before you say, "Goodbye", yeah)
And the same thing that makes you laugh can make you cry
(Said the same thing, can make you cry)
But the grass was much greener on the other side
(Oh yeah, yeah, yeah, yeah, yeah)
But the the same thing that makes you laugh can make you cryShoulda thought about it 'fore you said, "Goodbye"
(Shoulda thought about it, oh yeah, 'fore you said, "Goodbye")
And the same thing that makes you laugh can make you cry
(Yeah, yeah)
But the grass was much greener on the other side

(Grass was much greener)
But the the same thing that makes you laugh can make you cry
(Oh yeah, make you cry, make you cry, shoulda thought about it)
