

Hide Nowhere (Live Acoustic)

[Devin Townsend](#)

[Words and music by Devin Townsend]Cold blue waves
Cold dead sky
See in the sea what I need to be
Cold blue wavesCold blue mind... (hear them talk about)
Cold dead mindSee in the sea what is and what will beEvery dream I have wants me to stay
Every night I try to find a wayI hide nowhere
They hide in my world
I have nowhere to go
Dreams come as they...
Sleep comes as it...
Dreams come as they do
